

Pebble Mine

POLLING UPDATE

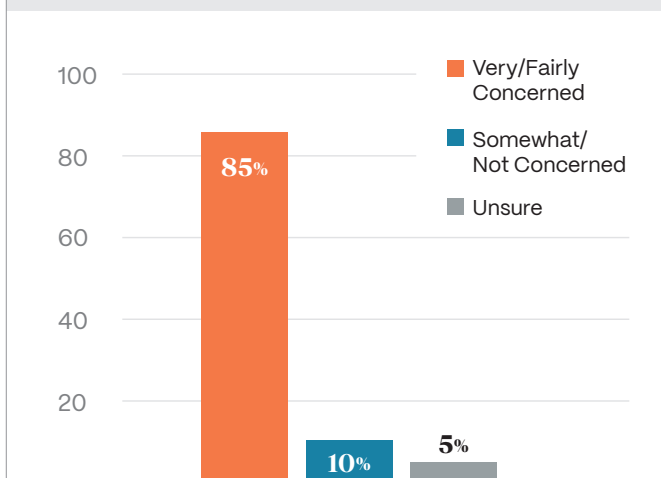

Alaskans remain opposed to Pebble mine

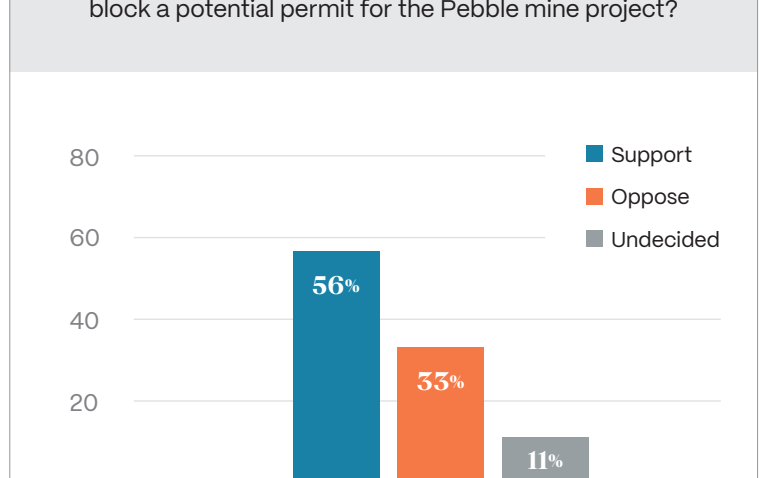

BBNC Shareholders are overwhelmingly opposed to Pebble mine

How concerned are you about the potential risks posed by Pebble mine to Bristol Bay and its salmon runs?

Alaskans support federal action, already taken, to provide protection for Bristol Bay

In 2023, the EPA finalized Clean Water Act protections for Bristol Bay, blocking a potential permit for the Pebble mine project and thereby preventing its development. Do you support or oppose the EPA's use of the Clean Water Act to block a potential permit for the Pebble mine project?

Date source: Data for the above graphic derives from a survey of 4,073 BBNC shareholders, conducted from April 9 – May 8, 2019.

Date source: 2026 data points for the above two graphics derive from a representative statewide survey of 600 registered voters in Alaska, conducted February 17 – 22, 2026.
